Blackberry Ridge Woolen Mill is a small spinnery and carding mill in the woods of Wisconsin. In addition to offering custom spinning and carding services to wool growers, we also produce a line of yarns spun from carefully selected wool and wool/natural fiber blends.

Our woolen spun yarns are soft and lofty and come in a variety of weights to inspire your creative spirit. Our exotic fiber blends include silk (25%), mohair (25%), alpaca(25%), and cotton (20%). In addition to the natural cream and gray colors, most of these yarns are available in small lots of hand dyed colors unique to Blackberry Ridge. We feature some of our blends in specially prepared kits for your hand knitting enjoyment.
